****Notes for Ashley****

This should be a good start for legal document that I need and want for the terms and conditions. I am not sure what else should be included within. The website will be used as a place a person can go to gain information about My Veteran Buddy. It is a place that a person needs to go to become a member of My Veteran Buddy and to determine if they are in an area that has a local chapter. There will also be an online store that a person can buy My Veteran Buddy products. I DO NEED AND WANT TO PUT **EXTREME EMPHASIS** "PEACEFUL, LEGAL, AND CONSTITUTIONAL" THROUGH OUT EVERY LEGAL DOCUMENT WITHIN MY VETERAN BUDDY. I will be challenging the powers at be both culturally and politically and My Veteran Buddy will be a tool to unite Americans against any tyranny and corruption, so I need to have any and all defense legally speaking against law fair tactics.

I want the goal with all legal documents for My Veteran Buddy to box in all procedures for both My Veteran Buddy and customers. I am from the aviation community, this is what I did in the military, and aviation procedures and standards are built around investigations. The aviation governing bodies set the standards and builds policy in a way that clears anyone of any wrong doing in an investigation. Meaning, if a pilot or a mechanic followed procedure, any crash or mishap that happens is not their fault legally. Any gap in procedure shows potential responsibility for the mishap. The investigation team comes in with the presumption of guilt until proven innocent based on someone following procedure.

These legal documents needs to follow this standard. I will be creating SOP's and policy procedure documents as I am able to begin doing this full time, but the legal documents needs to include these internal documents as needed for all parts of My Veteran Buddy.
